

LET'S TALK ABOUT PRODUCTS

NEOLIFE

A TO Z

BETWEEN HEALTH AND WEALTH, YOU DON'T
HAVE TO CHOOSE, WE OFFER YOU BOTH!

NEOLIFE PRODUCT SOLUTIONS

NEOLIFE FOOD SUPPLEMENTS

TRE-EN-EN

1. Lipids and sterols are essential for cell membranes, facilitating nutrient absorption and waste elimination.
2. Grain processing can decrease cellular efficiency, causing fatigue and lethargy.

3. Tre-en-en improves brain function, purifies the blood, strengthens the immune system, and protects the body.
4. It fights toxins, corrects loss of appetite, improves digestion, and reduces hyperglycemia.
5. It increases energy, combats depression, and improves cellular flexibility for healthier skin.
6. Tre-en-en helps normalize blood pressure, reduces bad cholesterol, and corrects hormonal imbalances.
7. It improves fertility, combats hypertension, and normalizes hair growth.
8. It fights cancer cells, relieves fatigue, and repairs cell membranes.
9. Tre-en-en improves the cardiovascular system, eliminates liver fat, and stimulates sexual function.
10. It helps heal asthma and epilepsy, and eliminates chemicals and free radicals.
11. It promotes better nutrient utilization and an enhanced stress response.
12. Tre-en-en is recommended for various health problems, increasing adrenal activity and preventing serious illnesses.

Directions: Take 1 to 3 capsules daily with meals.

Pro Vitality

-Pro Vitality provides essential vitamins and minerals for the brain, sourced from whole foods such as grains, fruits,

vegetables, and fish, along with antioxidants to reduce contaminants.

-Whole grains provide abundant energy and are essential for cellular health, while fish is often avoided despite its vital nutrients.

-A diet rich in lipids and natural sterols is recommended to maintain youthful skin, hair, and nails, while avoiding insufficient consumption of vitamin- and mineral-rich foods.

-Pro Vitality supports vision, heart health, healthy joints, optimal immunity, and lasting cellular health, with each sachet providing complete daily nutrition.

Directions: Take 1 sachet daily with a meal.

NeoLife Shake

-NEOLIFE SHAKE is clinically proven for weight loss, body fat reduction, body size reduction, and BMI reduction, and offers cardio-protective benefits.

-Glycemic Response Control Technology helps minimize fat storage and promotes fat burning.

-The proprietary protein blend includes soy, milk, caseinates, and whey for a superior amino acid profile.

-The product is biologically complete with 22 amino acids, including all 9 essential ones.

- The proprietary blend of fiber from whole food sources promotes satiety, normal digestion, and heart health.
- Glycemic-limited carbohydrates provide sustained energy and encourage fat burning.
- Key benefits include 18 grams of high-quality protein, 5 grams of fiber, and BCAAs to maintain muscle mass.
- This product contains no added artificial colors, sweeteners, or preservatives, and provides essential vitamins and minerals.

Directions for use:

Simply mix two heaping scoops thoroughly with 250 ml of ice water in a shaker or blender. For an even creamier and frothier drink, feel free to add a few ice cubes. You can also choose to mix it with milk for a different texture and flavor.

This product is designed to be used as a meal replacement for weight management, or simply to enjoy delicious and balanced nutrition every day. Each package contains 15 servings.

SALMONBOIL PLUS

- This supplement is cardioprotective and supports brain function, joint health, and eye health.
- It guarantees a standardized amount of the eight omega-3 fatty acids essential for human nutrition.

- Composed of pure salmon oil and other sources such as tuna, sardines, and anchovies, all tested for over 200 contaminants.
- Bioavailable, it is easily absorbed and assimilated into cell membranes.
- Reduces triglycerides by 17%, improves the omega-3 index by 38%, and the omega-3/omega-6 ratio by 43% in 8 weeks.
- Promotes a healthy balance of inflammatory factors, reducing the inflammatory index by 68% in 8 weeks.

Directions: Take 3 capsules daily with meals.

CAROTENOID COMPLEX

-USDA research demonstrated a 37% increase in immune capacity within 20 days with this supplement.
-This carotenoid supplement provides an optimal dose of fruits and vegetables,

equivalent to 115 kg of raw produce per bottle.

- It reduces cholesterol oxidation and increases antioxidant levels in the blood to support vital organs.
- It is recommended to take 1 to 3 capsules daily.

COQ10

1. 100 mg of highly bioavailable CoQ10 is delivered with a proprietary blend of phytolipids and mitogenic sterols to support mitochondrial function.
2. NeoLife's polyphenol blend provides whole-food polyphenols and

resveratrol for antioxidant protection.

3. L-cysteine is essential for glutathione biosynthesis, protecting mitochondria and strengthening cellular defense systems.
4. The unique encapsulation technology allows for rapid digestion in 2 minutes, promoting fast absorption.
5. CoQ10 is a crucial antioxidant for energy production and proper heart function, the production of which declines with age.
6. Key benefits

include supporting cellular energy, cardiovascular health, and reducing muscle pain.

7. NeoLife uses advanced technologies to deliver pharmaceutical-grade CoQ10 with partner nutrients for cellular energy production.

Directions: Take 2 capsules daily with food

AMI-TONE

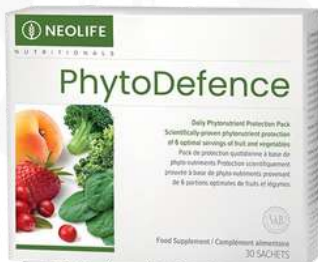

- 1. Promotes muscle protein retention, fat mobilization, lean tissue development, and efficient metabolism.**
- 2. Unique blend of free-form amino acids to support muscle retention, fat mobilization, lean tissue development,**

and overall body toning, designed to work while you sleep.

Directions: Take 3 tablets at bedtime, ideally on an empty stomach for optimal results.

PhytoDefence

- PhytoDefence provides daily phytonutrient protection equivalent to 6 servings of fruits and vegetables.

- The product is tested according to the protocols of the U.S. National Cancer Institute to protect cells and tissues.

- It promotes cellular health, strengthens the immune system, and supports cardiovascular health.

- Clinically proven to increase immune capacity by 37% in 20 days.
- Contains fruits and vegetables from every color spectrum for complete nutrition.
- Includes flavonoid and carotenoid complexes to support cellular nutrition and cardiovascular health.
- The included cruciferous vegetables promote healthy cell development and a balanced immune response.
- Provides antioxidant protection against free radical damage and the nutritional diversity of 25 fruits and vegetables.
- Packages contain capsules and tablets of various nutritional complexes.

Directions: Take 1 packet daily with a meal.

BETA GUARD

1. Supports the body's natural detoxification processes and protects health against environmental challenges and free radicals.
2. Provides B vitamins to detoxify environmental pollutants and contains zinc, chromium GTF,

and selenium to address heavy metal exposure.

3. Offers nutritional defense against harmful free radicals from various environmental sources.
4. Utilizes a proprietary formula of vitamins, minerals, and carotenoids to enhance the body's natural ability to detoxify and neutralize harmful agents.
5. Amino acid chelation improves the absorption of beneficial minerals.

Directions: Take 2 tablets daily.

CRUCIFEROUS PLUS

1. Each tablet provides the phytonutrient value of an optimal serving of various cruciferous vegetables.
2. The nutrients in cruciferous vegetables support efficient enzyme activity for proper cell growth, particularly in

breast and prostate tissues.

3. Sulforaphane helps neutralize aggressive and destructive compounds.
4. Soy isoflavones help maintain optimal hormonal activity.

Directions: Take 1 tablet daily with food.

FLAVONOID COMPLEX

- Provides essential phytonutrients from fruits and vegetables for an optimal serving.
- Flavonoids are linked to reducing free radical damage and protect against age-related degenerative diseases.

- Supports capillary strength and promotes cellular health and normal tissue growth.
- Helps regulate inflammation in the body.
- Water-soluble flavonoids from various foods concentrate in blood-rich tissues for added protection.

Directions: Take 2 tablets daily.

LIPOTROPIC ADJUNCT

1. Supports proper capillary function to transport blood lipids to all body tissues.
2. Lipotropic factors choline and inositol help maintain emulsified fats in the bloodstream.
3. Vitamin B6, vitamin B12, and folic acid help reduce homocysteine levels.

4. Combined with betaine HCl to enhance vitamin B12 absorption.
5. Citrus bioflavonoids promote healthy blood vessels.

Directions: Take 2 to 4 tablets daily.

GARLIC ALLIUM COMPLEX

1. The delivery technology targets insomnia and maximizes tumor growth in the gut.
2. It reduces the risk of stroke and heart attack, stabilizes

blood sugar, and combats the growth of yeast and fungi.

3. It prevents the formation and promotion of tumors and possesses antiviral, antibacterial, and antiseptic properties.
4. It aids digestion and treats heart disorders, asthma, pneumonia, bronchial congestion, fever, and cold hands and feet.
5. It treats sinusitis, thins the blood, prevents clotting, and detoxifies the body of heavy metals.
6. It fights bacteria, parasites, Candida, fungi, and chlamydia, and stops the reproduction of cancer cells.

7. It treats ulcers and liver diseases, and strengthens resistance to infections and cancer. 8. It lowers blood pressure, clears mucus, relieves colds, coughs, and ear infections, and reduces cholesterol. 9. The technology optimizes the absorption of bioactive compounds from onion and garlic, including 4200 mcg of allicin.

Directions: Take 2 tablets daily.

FIBRE TABLETS

- Promotes optimal bowel function and contributes to a feeling of fullness when taken with water before a meal.
- May be beneficial for weight management.
- Each dose of 4 tablets contains 2 g of fiber from various food sources.

Directions: Take up to 4 tablets with a glass of water half an hour before a meal.

FULL MOTION

- Supports joint function and regenerates damaged cartilage.
 - Boosts the body's natural anti-inflammatory capacity.
 - Contains 1500 mg of easily digestible, sulfite-free glucosamine hydrochloride.
 - Includes a herbal comfort complex with bromelain, white willow, and boswellia for long-lasting relief.
- Provides a replenishing mineral complex with zinc, boron, and silica for joint health.**

- Utilizes 3D Delivery Technology for easy digestion and optimal bioavailability.

Directions: Take 1 tablet three times daily with 250 ml of water. For best results, take each tablet just before a meal.

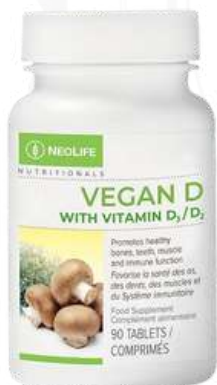

MAGNESIUM COMPLEX

1. NeoLife offers a unique, natural magnesium supplement using advanced technologies for high bioavailability, supporting health and vitality.
2. NeoLife's Tri-Mag Blend combines three primary sources of magnesium:

glycine-bound magnesium, trimagnesium citrate, and magnesium oxide.

3. NeoLife's PhytoMag Blend includes whole food nutrients from beetroot, kale, broccoli, and radish, providing phytonutrients and natural sources of magnesium.
4. NeoLife 3D Technology ensures rapid disintegration, dissolution, and dispersion for enhanced bioavailability.

Directions: Take 1 tablet daily.

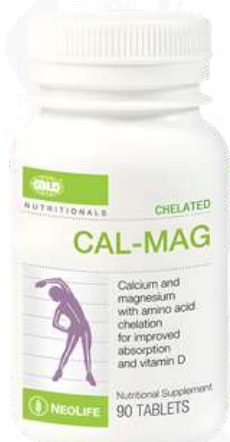

VEGAN D

1. Supports immune function and contributes to the maintenance of normal muscle function.
2. Promotes calcium absorption for the development and maintenance of strong bones.

3. Provides a proprietary blend of 100% vegan vitamin D2/D3 to aid in the absorption of calcium and phosphorus.
4. Mushrooms are rich in nutrients and phytonutrients, sourced from natural and sustainable sources using gentle extraction techniques.

Usage: Take 1 to 2 tablets daily as a supplemental source of vitamin D.

CHELATED CAL-MAG

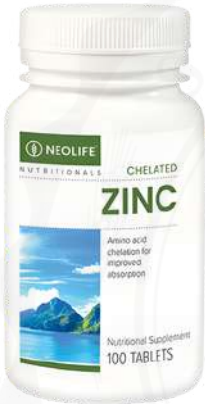

- Cal-Mag Chelated with 500 IU of Vitamin D3 is designed to strengthen bones and teeth, and support nerve and muscle function.
- Research indicates that adequate calcium and vitamin D intake,

combined with a healthy diet and physical activity, can reduce the risk of osteoporosis.

- The perfect blend of chelated calcium and magnesium with vitamin D3 is highly bioavailable.
- Dual amino acid chelation promotes rapid and maximum mineral absorption.
- The calcium is derived from shellfish and is pharmaceutically pure.
- The product supports normal blood pressure, optimal nerve function, muscle function, and may alleviate the symptoms of premenstrual syndrome.
- The formulation uses a preferred 2:1 ratio of calcium and magnesium to meet the body's needs.

Directions: Take 3 tablets daily as a supplemental source of calcium, magnesium, and vitamin D.

CHELATED ZINC

1. Chelated zinc is recommended to support essential bodily functions, regulate heart rhythm, and improve fertility.
2. It contributes to mental alertness, stabilizes blood sugar, and accelerates wound healing.

3. This supplement reduces body odor and helps maintain a healthy waistline in older adults.
4. It is used to relieve infections, ulcers, skin problems, and improve reproductive health.
5. Zinc helps manage hormonal imbalances, the effects of alcohol, appetite disorders, and prostate problems.
6. It is essential for rapid cell regeneration, particularly in cases of epilepsy.

Directions: Take 2 tablets daily between meals.

FORMULA IV

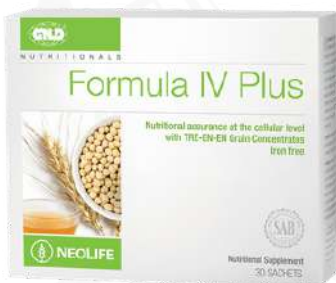

1. The product offers a broad spectrum of nutrients, including essential vitamins and minerals, for optimal well-being.
2. It contains Tre-en-en® cereal concentrates and a proprietary blend of phytoenzymes to enhance cellular absorption.

3. The capsules are made of soft gelatin colored with natural chlorophyll to ensure potency.

4. The recommended dosage is 2 capsules daily with meals.
5. The product statements have not been evaluated by the Food and Drug Administration.
6. NeoLife Africa offers on-the-ground support, online assistance, and has a privacy policy.
7. NeoLife is a member of the DSA and adheres to a code of ethics, with a process for filing complaints.
8. All copyrights and trademarks are owned by NeoLife International, LLC, and reproduction without authorization is prohibited.

Directions: Take 2 capsules daily with meals.

FORMULA IV PLUS

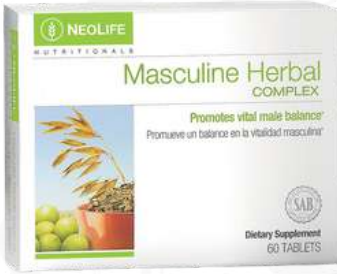

- This product offers a broad spectrum of nutrients for well-being and vitality, without iron.
- It contains vitamins A, D, C, the complete B complex, acerola cherry bioflavo

noids, and the full family of vitamin E.

- It includes minerals such as selenium, chromium, and molybdenum, and Tre-en-en® cereal concentrates for enhanced cellular absorption.
- The naturally chlorophyll-colored softgel capsules ensure potency.
- The recommended dosage is one sachet daily with a meal.
- These statements have not been evaluated by the FDA, and this product is not intended to diagnose, treat, cure, or prevent any disease.
- NeoLife Africa is a member of the DSA and adheres to a Code of Ethics.
- For website issues, it is recommended to clear your cookies and cached files.

Usage: Take 1 sachet daily with a meal.

MASCULINE HERBAL COMPLEX

1. Supports male vitality and healthy prostate function.
2. Saw palmetto promotes prostate and urinary tract health.
3. Contains oat

(Avena sativa) to improve physical vitality and libido.
4. Damiana acts as a tonic for the nervous system and boosts mood.

Directions: Take 1 tablet morning and evening.

FEMININE HERBAL COMPLEX

- Supports women's unique cyclical needs and promotes a positive mental attitude.
- Contains 10 herbs, including St. John's wort, which helps

maintain calmness and boost mood.

- Includes vitex and red sage, shown to support normal female physiology and function.

Directions: Take 1 tablet morning and evening.

HERBAL RESPIRATORY FORMULA

1. Promotes clear, calm breathing with clear bronchial mucosa and reduced congestion.
2. Ensures a regular and unrestricted flow of bronchial

and pulmonary air.

3. Elecampane root improves airflow to the lungs.
4. Elderflower helps relieve sneezing, itching, and discomfort associated with dust and pollen.
5. Thyme contributes to clear, calm breathing and reduces congestion.

Directions: Take 1 tablet morning and evening.

MIND ENHANCEMENT COMPLEX

- 1. The complementary benefits of 7 herbs promote optimal mental performance and alertness.
- 2. The formula maintains

acetylcholine levels, enhancing memory and concentration.

- 3. It helps protect delicate brain tissue.
- 4. The herbs include gotu kola, red sage, rosemary, sweet basil, skullcap, and thyme.

Directions: Take 1 tablet morning and evening.

HERBAL REST & RELAX

- Promotes restful sleep and a refreshed awakening.
- Helps improve mood and promote calm relaxation.
- Contains a blend of 8 herbs to help you rest and unwind.

- Lemon balm, skullcap, schisandra, and passionflower promote calm relaxation.
- Damiana and St. John's wort improve mood and promote healthy sleep habits.
- Vervain and German chamomile provide a complementary effect.

Directions: Take 1 tablet with your evening meal and 1 at bedtime.

ALL NATURAL FIBRE

- Promotes regularity and contributes to a feeling of fullness.
- High-fiber diets help lower cholesterol and support heart health.

- Can be eaten on its own or mixed with other foods or protein drinks.
- Contains 8g of fiber per serving, from 12 natural sources.
- Each serving is equivalent to the fiber content of 2 apples.

Details: 12 natural sources provide 8g of fiber per serving – 6g insoluble and 2g soluble.

Ready to mix into a delicious drink or your favorite recipes. Each serving provides as much fiber as 2 apples.

NEOLIFE TEA

1. NeoLifeTea provides a quick and safe energy boost thanks to its Energy Blend and Herbal Blend, which enhance alertness and well-being.
2. Each stick contains

an energizing blend of green, black, and white teas, and a blend of herbs including ginseng, codonopsis, and rhodiola.

3. The product is delicious, refreshing, rich in antioxidants, with a sweet lemon flavor from fructose and honey, and mixes instantly with water.
4. It can be enjoyed hot or cold, is convenient to take with you, and contains no added artificial colors, flavors, sweeteners, or preservatives.
5. Each serving contains only 21 kilojoules.

Directions: Mix 1/2 stick (1.8 g) with 250 ml of hot or cold water.
15 sticks/30 servings

BOTANICAL HEALTHY-BALANCE

1. Botanical Healthy Balance is rich in whole-food botanicals, such as cinnamon, curcumin, and turmeric, which help maintain normal glucose levels by managing glucose absorption,

optimizing insulin sensitivity, and maximizing insulin receptor function.

2. NeoLife's formula combines Indian and Chinese herbal medicine with modern clinical data,

using ingredients like cinnamon for healthy glucose metabolism and normal blood sugar levels.

3. Curcumin and turmeric provide antioxidants and help relieve inflammation.

4. Chromium, derived from yeast, aids in carbohydrate and lipid metabolism and is an essential cofactor for insulin.

5. Alpha-lipoic acid protects against free radicals and improves the cells' use of insulin.

Directions: Take 2 tablets twice daily before your two main meals.

STAGE 6

1. Natural herbal formula with senna and prune leaf powder.
2. Supports bowel function during periods of irregularity.
3. Works without causing cramps.
4. Promotes gentle

cleansing to support the body's natural processes.

Directions: For gentle internal cleansing, take 1 to 4 tablets with a glass of water at bedtime.

Drink another glass of water upon waking. Step 6 works gently overnight.

Do not take for more than 7 days without consulting a doctor.

WHEAT GERM OIL

1. Vitamin E supports the health of the heart, brain, prostate, lungs, colon, and immune system, and helps maintain youthful skin.
2. Wheat germ oil contains essential unsaturated fatty acids.

3. Cold-pressed extraction retains more vitamin E than thermal extraction.

Directions: Take 1 capsule daily.

CHEWABLE ALL-C

1. Chewable tablets with a cherry flavor that everyone loves.
2. Supports the immune system with phytonutrients from whole oranges.
3. Contains rosehips and acerola cherries, rich in vitamin C.

4. Neo-Plex Concentrate includes all the elements of an orange except water.

Directions: Take 1 chewable tablet daily.

VITAMIN C

- Extended-release vitamin C delivers the power of 8 oranges per tablet, with a slow-release technology that lasts over 6 hours.
- It acts as a powerful antioxidant, protecting cells from free radical damage and supporting cardiovascular health and healthy aging.

- Vitamin C is an essential nutrient for overall vitality, important for the health of connective tissue, blood vessels, the immune system, eyes, gums, teeth, bones, and other organs.

- Each tablet contains 500 mg of vitamin C, with a formula that maintains elevated blood levels for over 6 hours thanks to a proprietary extended-release system.
- This vitamin C is high-potency and pure, enriched with citrus bioflavonoids to support the proper functioning of the immune system..

Directions: Take 2 tablets daily.

VITAMIN E 200 IU

- The antioxidant properties of vitamin E support heart, brain, and prostate health, and promote lung, colon, and immune function.
- Vitamin E is provided in its 8 forms for broad-spectrum

protection, including 4 tocopherols and 4 tocotrienols.

- It is derived from a whole food made with soybean oil and is a natural source.

Directions: Take 1 capsule daily

VITAMIN B CO.

1. Promotes the conversion of food into energy and the synthesis of cells and tissues.
2. Provides sustained nutrient release with a perfect balance of B vitamins.
3. Contains lipotropic factors and heart-healthy nutrients.
4. A single source of whole foods for optimal metabolic support.

Directions: Take 1 tablet daily.

VITAMIN A&D

1. A natural product that improves eye and bone health thanks to vitamins A and D.
2. Derived from North Atlantic cod, rich in vitamins A and D, and free from contamination.
3. Vitamin A supports normal vision, reproductive function, and the immune system.

4. Vitamin D is essential for strong bones, immunity, and overall well-being.

Directions: Take 1 capsule daily.

Note: Excessive consumption of vitamin A, especially by pregnant women, is not recommended.

MULTI

1. A comprehensive formula provides 27 essential vitamins, minerals, and nutritional factors for well-being and vitality, without iron.
2. Includes a broad spectrum of vitamins and minerals, including vitamins A, D, B, C, and E,

as well as acerola cherry bioflavonoids.

3. Provides additional selenium, chromium, and molybdenum.

Directions: Take 1 tablet daily.

MULTI-MINERAL PLUS ALFALFA

- 1. Provides comprehensive body support with key minerals to slow aging and improve quality of life.
- 2. Contains a broad spectrum of macro- and micro-minerals.
- 3. Utilizes the finest deep-rooted alfalfa.
- 4. Custom-formulated with trace elements from marine plants.

Directions: Adults take 1 tablet daily.

VITA GUARD

- 1. Antioxidant protection from whole-food carotenoids to support immunity, equivalent to a large serving of fruits and vegetables.
- 2. Delicious-tasting chewable tablets derived from all-natural fruit ences, with no artificial flavors, colors, or preservatives.
- 3. Immune-boosting nutrients, including carotenoids and flavonoids for broad-spectrum protection.
- 4. Zinc and selenium maximize children's defenses to help them feel their best.

Directions: Take 2 tablets daily with food as a nutritional supplement.

VITA SQUARES

1. Packed with 18 essential vitamins and minerals, supporting healthy cell function thanks to Tre-en-en® cereal concentrates.
2. Delicious-tasting chewable tablets derived from all-natural fruit essences, with no artificial flavors, colors, or preservatives.

3. Provides nutrients for healthy growth and development of body and mind, enriched with choline and inositol for optimal memory, learning, and concentration.

4. Delicious berry and citrus flavor enjoyed by children and adults, with no artificial colors, flavors, sweeteners, or preservatives.

Directions: Take 1 to 3 tablets daily with meals as a nutritional supplement.

PERFORMANCE PROTEIN

Performance Protein is designed to provide your body with the highest quality protein and essential nutrients needed for recovery and energy production after exercise. Its proprietary MuscleMatch™ protein blend features an amino

acid profile optimized to precisely meet the post-workout recovery needs of lean muscle, including all 22 essential amino acids for human nutrition.

ALOE VERA PLUS

1. Soothes the digestive system and reduces stress-related digestive discomfort.
2. Offers a delicious, natural flavor.
3. Refreshes and relaxes with a "gel-only" juice for optimal taste and effectiveness.
4. Contains a blend of energizing ginseng and

calming chamomile herbal teas.

5. Naturally sweetened for a "glycemic advantage," providing quick and sustained energy.

LIQUI-VITE

Liquid multivitamins for children with Tre-en-en® cereal concentrates

NEOLIFE BAR FRUIT&NUT

NeoLifeBar is a delicious way to satisfy your hunger. It's the perfect cereal bar to enjoy anytime, providing sustained energy. Perfect for the whole family. Healthy snacks can help you control your appetite, increasing your

chances of success with a weight loss or weight management program.

Breakfast Solution - Creamy Vanilla

A healthy and energizing breakfast to start your day right. A 30-day supply! Designed for optimal cellular nutrition,

it provides your body with essential nutrients from whole foods and protein, the building blocks of life. Contains one tub (30 servings) of Pro Vitality and two sachets (15 servings) of NeoLifeShake.

Pro Vitality - Pack of 4

**Daily Whole Food Nutrition to help feed, protect, regulate and nourish your cells for lifelong health and vitality.
Contains four boxes of Pro Vitality (30 sachets)**

WEIGHT LOSS SOLUTION - BERRIES N' CREAM

Lose weight, feel great, and maintain your ideal weight with our clinically proven weight loss program. Cellular nutrition with Pro Vitality and a complete meal replacement with NeolifeShake.

COMBINATIONS FOR WELLNESS SUPPORT BASED ON NUTRITIONAL EXPERIENCE & EDUCATIONAL SHARING

This is a rich and detailed compilation that draws not only on extensive and fascinating experience, but also on an impressive array of books dedicated to nutrition. It has been meticulously prepared independently, without any affiliation or dependence on NeoLife International GNLD, thus ensuring an independent and objective perspective. This work aims to combine knowledge gained through years of personal experience while incorporating diverse viewpoints from a multitude of specialized literature resources in the field of nutrition.

This report, meticulously prepared by nutritionist Mr. NION, an independent distributor with over ten years of experience in the field, highlights his remarkable expertise in using Neolife products to improve the overall well-being of his clients. Thanks to his in-depth and diverse knowledge of these products, Mr. NION is able to offer personalized solutions tailored to each situation, while building lasting relationships of trust with his clients. Through his proactive approach, he adjusts his advice and recommendations to each individual's health goals, fully understanding their specific needs and offering personalized support. This rigorous and thoughtful strategy allows him to distinguish his service as specialized and attentive to his clients' wellness aspirations.

NUTRIANCE PERSONAL CARE PRODUCTS

ALOE VERA GEL

1. Soothe and comfort skin with natural ingredients like aloe vera, provitamin B5, linden, and chamomile.
2. Counteract the damaging effects of sun, wind, and cold on skin's moisture.
3. Promotes natural cell renewal minor discomfort.

5. Works with the skin's natural lipids to achieve optimal hydration levels.

BODY LUV

1. Prevents dryness and chapping of the skin, leaving skin soft and protected after bathing.
2. Promotes relaxation thanks to its light, non-greasy texture that disperses easily in water.
3. Pleasant fragrance that won't interfere with other scents.

4. How to use: Add two sprays to bath water or apply directly to dry areas of skin.

ENRICHING CONDITIONER

1. Locks in moisture for soft, shiny hair while providing protection against heat and environmental damage.
2. The perfect complement to Nutriance conditioning shampoos, smoothing and strengthening hair with natural ingredients.

3. Directions: Apply after shampooing, massage in, leave on for one minute, then rinse thoroughly.

MILD REVITALIZING SHAMPOO

1. Suitable for dry, fragile, sensitive, and unruly hair, this product deeply cleanses without disrupting moisture thanks to a gentle multi-cleansing system.
2. To use, apply a small amount, massage until a lather forms, then rinse thoroughly; for best results, use with the enriching conditioner.

NOURISHING HAND & BODY LOTION

1. Hydration from **45% to 76%**, cleansing and conditioning.
2. Protection from the sun, wind, and surrounding environment.
3. Contains regenerating aloe vera and soothing provitamin B5.

PERSONAL CARE

1. The most effective method for handling cleaning liquids is to use traditional cleaners and pour the product directly onto the lingerie.
2. To make cleaning liquids more practical and easier to use, they are richer and provide a long-lasting lather.

REFRESHING BATH & SHOWER GEL

1. The surface is clean, the cells are clean, and the plants are beautiful.
2. The plants are unique and the best.
3. Oil-free, rinses easily, is environmentally friendly, and has a light, refreshing fragrance.

4. Extra gentle and non-irritating.

RICH REVITALIZING SHAMPOO

1. The natural beauty of nature and the beauty of hydration.
2. Use: Apply a small amount, massage into a lather, rinse thoroughly, and use with the enriching conditioner for best results.

NUTRIANCE ORGANIC SKIN CARE PRODUCTS

BALANCING TONIC

- Nutriance Organic Balancing Toner is alcohol-free, pH-balanced, gentle on all skin types, and removes impurities without drying out the skin.
- It is lightweight, refreshing, clinically tested, paraben-free, 100% vegan, cruelty-free, and non-

comedogenic.

- **How to use:** Apply generously to the face after cleansing to balance and revitalize the skin.

CLEANSING GEL

1. Nutriance Organic Cleansing Gel detoxifies and purifies the skin, reducing the appearance of pores and leaving it smooth thanks to its mineral-rich isotonic formula.
2. The product is pH 5.0, clinically tested, paraben-free, 100% vegan, cruelty-free, and non-comedogenic.

3. **To use,** apply generously with a cotton pad, massage, add water to lather, rinse, and then apply the balancing toner.

CLEANSING MILK

- Nutriance Organic Cleansing Milk is an emulsion enriched with soothing ingredients that gently removes impurities, leaving skin soft and hydrated.
- It has a pH of 5.5, is clinically tested, paraben-free, 100% vegan, cruelty-free, and non-comedogenic.

- To use, apply generously with a cotton pad to the face and neck, rinse thoroughly, and then apply a toner to tone the skin.

HYDRATING SERUM

1. This product is rich in marine plant extracts to soothe and rebalance stressed skin, with a base of pure mullein seawater.
2. It has a pH of 5.0, is clinically tested, paraben-free, 100% vegan, cruelty-free, and non-comedogenic.
3. How to use: Apply the hydrating serum to a clean face and neck before makeup or moisturizer.

INSTA-LIFT EYE GEL

1. Revitalizes and hydrates the skin around the eyes, refreshes tired eyes, and reduces dark circles and puffiness.

2. Minimizes the appearance of fine lines and wrinkles thanks to extracts of Chlorella, Horse Chestnut, and Jania rubens red algae, which stimulate microcirculation.

3. Beech bud extract and Alteromonas extract hydrate the delicate skin around the eyes, combating fine lines and wrinkles.

4. Apply to the eye contour area morning and evening.

MOISTURIZING CREAM

1. Nutriance Organic Moisturizing Cream is enriched with algae extracts and essential oils, ideal for hydrating and protecting the skin.

2. It is formulated with a base of organic witch hazel for a radiant complexion.

3. The product has a pH of 5.3, is clinically tested, paraben-free, 100% vegan, and cruelty-free.

4. How to use: Apply a small amount to a clean face and neck to activate and nourish the skin.

REJUVENATING RICH CREAM

1. The cream hydrates and protects the skin against drying conditions, thus preventing the formation of wrinkles.
2. It energizes and nourishes the skin, strengthening its lipid

barrier and improving its elasticity.

3. The formula contains the BAAM complex, which combines marine phytonutrients with vitamin C and hyaluronic acid for hydrating and anti-wrinkle properties.
4. BAAM ingredients, such as Immortal Blue extract and Dabberlocks brown algae, provide protection, antioxidants, and firmness to the skin.
5. Hyaluronic acid, in various forms, retains essential moisture in the skin barrier.
6. The cream should be applied daily, morning and evening, as the last step in the Nutriance Organic skincare routine.

ULTRA HYDRATING SERUM

1. Nutriance Organic Ultra-Hydrating Serum nourishes, hydrates, and plumps the skin, providing a youthful glow thanks to its triple-action formula.
2. Formulated with pure seawater, it delivers essential trace elements and minerals, strengthening and protecting the skin.
3. The product is pH 5.5,

clinically tested, paraben-free, 100% vegan, cruelty-free, and non-comedogenic.

4. How to use: Apply to a clean face and neck before makeup or moisturizer.

ULTRA MOISTURIZING CREAM

- Nutriance Organic Ultra-Hydrating Cream is designed to hydrate normal to dry skin thanks to nutrient-rich seaweed extracts.
- It helps preserve youthful skin by strengthening the skin barrier against environmental aggressors and aging.
- The cream has a pH of 5.3, is clinically tested, paraben-free,

100% vegan, and cruelty-free.

- Apply it to a clean face and neck, day and night, to activate and nourish the skin.

NUTRIANCE ORGANIC 3-STEP SYSTEM- NORMAL TO DRY

- 1. Cleanse and detoxify:** The cleansing milk for normal to dry skin removes impurities while hydrating the skin, while the cleansing gel for combination to oily skin revitalizes and rebalances thanks to its mineral-rich formula.
- 2. Balance and tone:** The alcohol-free balancing toner is suitable for all skin types, removes residual impurities, reduces redness,

and brightens the complexion.

3. Activate and nourish: The ultra-hydrating serum for normal to dry skin and the hydrating serum for combination to oily skin deliver essential nutrients, revitalize, and soothe the skin, while the moisturizing creams provide protection and a healthy glow thanks to algae extracts and essential oils.

NUTRIANCE ORGANIC 3-STEP SYSTEM-COMBINATION TO OILY

1. Cleanse and detoxify: The cleansing milk for normal to dry skin removes impurities while hydrating the skin, while the cleansing gel for combination to oily skin revitalizes and rebalances thanks to its mineral-rich formula.

2. Balance and tone: The alcohol-free balancing toner is suitable for all skin types, removes residual impurities, reduces redness, and brightens the complexion.

3. Activate and nourish: The ultra-hydrating serum for normal to dry skin and the hydrating serum for combination to oily skin deliver essential nutrients, revitalize, and soothe the skin, while the moisturizing creams provide protection and a healthy glow thanks to algae extracts and essential oils.

GOLDEN HOME CARE PRODUCTS

CARE

1. Proven effective according to SANS 636 and tested against various microorganisms.
2. Suitable for various environments, safe, and with a refreshing fragrance.
3. Contains no abrasive or hazardous substances.
4. Directions for use: Dilute with water, 1 part to 10 for intensive disinfection, 1 part to 50 for general disinfection.

LDC

Key benefits of the product include its ability to effectively clean a variety of surfaces such as dishes, hand-washing items, kitchen countertops, stovetops, refrigerators, and other frequently soiled surfaces. This product is designed to be very gentle on hands, ensuring safe handling for the whole family.

It also emphasizes its commitment to the environment by being phosphate-free.

The text further explains that its triple cleaning power allows water to penetrate more effectively for a deep clean, while remaining gentle on hands. Each bottle delivers cleaning power equivalent to that of more than seven competing products of the same type. Regarding usage, for general cleaning, it is recommended to start with a 1:3 dilution, adjusting the concentration according to the specific cleaning needs. To ensure its practicality

SUPER 10

Key Benefits:

This product is particularly effective for all kinds of tough jobs, from removing the most stubborn fabric stains to cleaning garage floors, ensuring optimal performance in every situation. Thanks to its industrial strength, it remains perfectly safe for any surface where using water is not a problem. Its highly concentrated

formula means that a small amount is enough to achieve excellent results, and an unscented option is also available for those who prefer to avoid fragrances.

Details:

This is a triple-action formula, combining soaps, solvents, and surfactants that work together to effectively remove dirt and grime. While offering industrial strength, this product is designed to be safe for both the user and their home environment. Each bottle contains cleaning power equivalent to more than 20 similar competitor products, guaranteeing outstanding effectiveness.

Usage:

For light cleaning, dilute one part Super 10 with ten parts water in a gold spray bottle. For intensive cleaning, dilute one part Super 10 with three parts water in a gold spray bottle, spray, shake and leave for a few minutes before wiping, for a spotless result.

Wash'n Wax

The main benefits include improved paintwork, which becomes more vibrant with each wash, and streak-free results. This product offers excellent water barrier properties and increased runoff thanks to a protective silicone film, which reduces oxidation. Its biodegradable formula ensures that the ingredients break down into their basic

components through biological activity. Specifically, it features a dual surfactant system, specially formulated to guarantee maximum non-abrasive cleaning and protection. Thanks to its high concentration, a small amount mixed with cold water produces remarkable foaming qualities, making the product very economical. Each bottle provides enough for up to 100 car washes. This versatile product can be used on tiles, ovens, grills, and floors, as well as for other practical household applications. To use, simply add one capful to 6 liters of water, requiring minimal drying and leaving a thin protective layer.

G1 Laundry

Key Benefits: This powerful detergent is designed to be environmentally friendly, offering dual protection by preventing corrosion in your washing machine while ensuring impeccable results. Its innovative formula is particularly effective at low

temperatures, from 20°C, and in hard water areas, demonstrating excellent adaptability. Furthermore, it is fully biodegradable and phosphate-free, making it an eco-conscious choice.

Details: This detergent uses its full power to remove even the toughest stains, restoring your clothes to their former brightness and vibrancy. Beyond its cleaning power, it softens fabrics and leaves them delicately scented and refreshed. Thanks to its ultra-concentrated formula, it is economical, requiring only small amounts for optimal results, adjustable according to the level of soiling. It also guarantees special care for delicate fabrics, ensuring they remain in perfect condition.

Usage: To fully benefit from its advantages, it is recommended to use between 1 and 4 mini-doses per wash. This quantity varies depending on the level of soiling and the size of your laundry load, allowing for customized cleaning for consistently impeccable results.

Fantastik

Key Benefits:

The product spreads smoothly thanks to a built-in leveling agent, providing a seamless, even finish that simplifies daily cleaning.

Furthermore, its scratch- and water-stain-resistant formula ensures enhanced durability.

Details:

Thanks to advanced polymer chemistry,

it contains millions of molecules that bond together to form a strong, resilient material with a brilliant shine. This concentrated product requires only a thin coat at a time for optimal effectiveness.

Application: Fantastik should be applied in a thin, even layer using light, one-way motions with a sponge or cloth.

It is recommended to apply several coats, allowing approximately one hour between each coat. While it is unnecessary to reapply Fantastik after every floor cleaning, it is recommended to remove it completely from time to time to prevent unwanted buildup.

Carpet Glo

Key Benefits:

Powerful enough to effectively remove unwanted dirt that can become embedded in the fibers. At the same time, its gentle nature enhances the color and overall appearance of the carpet without risking damage. Furthermore, this product is antistatic, which helps reduce static electricity buildup while ensuring quick drying,

making it easy to use quickly and efficiently.

Details: This cleaner is ideal for maintaining and refreshing not only carpets but also upholstery, restoring their brightness and hygiene. Thanks to its high concentration, it is very economical to use, making it a smart choice for regular cleaning. The abundant foam produced, a characteristic of this product, allows for effective dry cleaning, preventing the material from becoming saturated with moisture.

Usage:

Before cleaning, it is essential to test the carpets to check for colorfastness, ideally 24 hours in advance. In addition, it is recommended to vacuum thoroughly to remove any loose dirt. For hand cleaning, prepare a solution by mixing one part Carpet Glo with 40 parts water (1:40). After stirring vigorously, apply only the collected foam to the carpet, taking care to avoid over-saturating it. Allow the foam to dry, then vacuum or brush away any remaining dry foam.

For machine cleaning, it is essential to follow the manufacturer's instructions to ensure optimal and safe cleaning. This product is also suitable for upholstery care and for cleaning surfaces such as glass, mirrors, and chrome, offering considerable versatility.

Lemon Glo

Key Benefits

This product offers complete furniture care in three distinct steps. First, an effective cleaner deeply removes dirt accumulated over time. Next, natural oils are incorporated to restore shine and luster to treated surfaces. Finally, a modern acrylic varnish is applied to preserve and protect the finish, ensuring increased durability.

Details: This is a concentrated and economical formula designed to maximize results while minimizing the amount of product and effort required. This versatile product can clean and protect various surfaces, including furniture, wood, plastics, as well as metal and painted surfaces. In addition to not dripping or leaving a greasy residue or film, it releases a pleasant and refreshing fragrance thanks to natural lemon oil. Furthermore, it offers long-lasting, dust- and water-resistant properties, guaranteeing long-lasting protection.

How to Use

To use, apply a small amount of the product directly to the surface to be treated or to a slightly damp cloth. Spread it evenly and let it dry for a few minutes. Finally, polish the surface with a soft, dry cloth for a perfect, glossy finish.

Oxygen Bleach

The main advantage of this product is that it is a color-safe bleaching agent designed to effectively

remove tough stains. It can lighten both white and colored fabrics, and unlike chlorine bleaches, this oxygen-based agent can be added directly to detergent or during the wash cycle. Furthermore, this product is biodegradable, returning to its original components after use, making it an environmentally friendly option.

For usage details, it can be added to G1 laundry detergent or used directly during the wash cycle. The dosage varies depending on the amount of soiling and the size of the load. Even with variations in dosage, the product will not damage fabrics or fade colors. For maximum effectiveness, it is recommended that the water temperature be 60 degrees Celsius.

In terms of usage, it is recommended to use up to half a dose for a 5 kg load of laundry. You can add it to G1 detergent or directly into the wash cycle, but it should never be applied directly to the fabric.

Soft

Key product benefits: It softens fabrics for unparalleled comfort, eliminates annoying static cling, and makes ironing much easier by reducing wrinkles.

Product details: This multifunctional fabric softener is designed not only to soften but also to refresh your fabrics. Thanks to its concentrated and

economical formula, you only need a small amount per wash load, making it a smart choice. It is compatible with all modern washing machines and can also be used for handwashing. Additionally, it can be used as an anti-static spray for your carpets, offering versatile use.

Usage: For machine washing, simply add 5 ml of Soft per 5 kg load during the final rinse cycle. For handwashing, add 5 ml of Soft to 10 liters of water during the final rinse to achieve pleasantly soft fabrics. Finally, to use the product as an anti-static spray, mix a few drops of Soft with 500 ml of water in a gold spray bottle, and lightly spray on your carpet without soaking it, in order to maintain its appearance and texture.

LC30

Key Benefits:

This versatile cleaning product offers numerous advantages for various cleaning tasks, from light to heavy-duty. Whether removing dust from soft surfaces like walls, tiles, and upholstery, or tackling stubborn dirt in industrial environments such as workshops and factories, this product guarantees outstanding effectiveness.

Details: Thanks to its

its highly concentrated formula, this cleaner is economical and effective even at low concentrations. Safe for the user, thanks to its neutral pH and the absence of harmful substances, it allows for safe use on a wide range of materials. Available in convenient 5-liter and 25-liter containers, it's ready to add comfort and convenience to your cleaning routine.

Usage:

The product should be diluted with water according to the specific cleaning requirements. The recommended concentrations range from 1:100 to 1:400 for light cleaning, increasing to 1:20 for more intensive cleaning tasks, and up to full strength for particularly dirty and greasy surfaces. This cleaner is an optimal solution for anyone seeking efficiency and safety in their daily cleaning operations.

GLOBAL AGRICULTURAL PRODUCTS

CULTURE

LIQUID FERTILIZER / PLANT PROTECTION PRODUCTS

SUPER GRO

To ensure vigorous growth and optimal crop production, we recommend using Super Gro liquid fertilizer. This product is specifically designed to provide effective fertilization while respecting the environment. Super Gro is a high-quality, natural liquid fertilizer, created as a plant protection product to maximize productivity and improve the overall health of your plants.

Thanks to its unique properties, it increases agricultural yields, tripling the benefits compared to traditional synthetic chemical fertilizers. By choosing Super Gro, you are opting for healthy, sustainable, and profitable agriculture, which will result in a tangible difference in your harvests. Try this innovative product and see the improvement in your agricultural results.

Furthermore, it is compatible with traditional organic fertilizers, thus reducing the use of chemical fertilizers. For those who wish to combine the two, it can also improve the effectiveness of pesticides and insecticides.

SUPER GRO USER GUIDELINES BASED ON OUR PERSONAL AND PRACTICAL EXPERIENCES IN WEST AFRICA

This manual was written to share tips and observations based on our own use of the product, which has allowed us to optimize its effectiveness in contexts specific to this region. Please note that the dosages given in this manual are in no way binding on NEOLIFE INTERNATIONAL GNLD, but rather are based on our direct experience and practices derived from actual field use of the product. **THIS IS INTENDED TO INFORM POTENTIAL USERS OF THE BEST WAYS TO APPLY SUPER GRO TO MAXIMIZE ITS BENEFITS, WHILE REMAINING AWARE THAT RESULTS MAY VARY DEPENDING ON LOCAL CONDITIONS AND AGRICULTURAL HABITS.**

**Market gardening, vegetable growing,
vegetable farming.**

The recommended dosage is **2 to 4 ml per liter of water**, which corresponds to **32 to 64 ml for a 16-liter sprayer**. It is advisable to begin treatment **7 to 14 days** after planting, and then continue with regular treatments every **21 to 30 days** thereafter.

SUBSISTENCE CROPS

The dosage varies between **5 and 10 ml per liter of water**, corresponding to **80 to 160 ml for a 16-liter sprayer**. The first treatment should be carried out **14 to 21 days** after planting, followed by the second treatment **42 to 50 days** post-planting.

PERENNIAL CULTURE

The recommended dosage is **5 to 12 ml**

per liter of water, or 80 to 192 ml for a 16-liter sprayer. The first treatment should be carried out one month after planting, and subsequent treatments should be applied every **3 to 6 months** or after each harvest, thus preparing the soil for the next harvest, which promises a better yield.

Note: There is no difference between these Super Gro containers. Although the packaging is different, the product remains identical, so don't be misled. Super Gro is manufactured by the same company but with packaging chosen by each NeoLife Seat.

PLANT PROTECTION PRODUCTS

THE 3 FIGHTERS (LDC,CARE,SUPER10)

**FUNGAL
DISEASE OF
PLANT**

**MICROBIAL
DISEASE OF
PLANT**

**BACTERIAL
PLANT
DISEASE**

LDC

LDC is a versatile product with multiple applications, particularly used in agriculture to regulate soil **pH** and play a key role in treating fungal diseases affecting plants. In addition to its easy absorption, it is an environmentally friendly method for improving crop health.

Extensive studies and rigorous experiments, conducted by specialists such as **Agr. Ana Jules** and **Awe Baguian** from **Burkina Faso**, have confirmed the effectiveness of **LDC**. Indeed, depleted soils, considered uncultivable, treated with **LDC** in combination with **SUPER GRO** and applied at a rate of 10 ml per liter of water over a two-year period, regained their productive potential and rebalanced pH, thus demonstrating the exceptional ability of these products to restore soil fertility.

CARE

CARE is another NeoLife product

distinguished by its remarkable versatility, designed to meet a multitude of needs. In addition to its numerous applications, it plays a crucial role in the effective treatment of microbial plant diseases. This innovative product is valued by farmers for its ability to protect crops against various pathogens that threaten the health and productivity of plantations. Its active components combat infections caused by a variety of microbes, ensuring healthy and robust plant growth, which is essential for the success of modern agricultural practices.

SUPER 10

SUPER 10 is a versatile NeoLife product, renowned for its multiple applications,

that plays a vital role in treating bacterial diseases affecting plants. Used by numerous horticultural and agricultural professionals, this product offers a rapid and effective intervention to protect plants from pathogen attacks. Thanks to its unique composition combining various active ingredients, **SUPER 10** guarantees targeted and long-lasting action, promoting healthy plant growth while preserving the surrounding ecosystem. Its advanced formula is the result of extensive research aimed at maximizing efficacy while minimizing negative environmental impact, making it a preferred choice for those seeking a responsible approach to plant health management.

Dosage of the 3 fighters

The three products—**LDC**, **SUPER 10**, and **CARE**—are designed to combat all plant diseases, including fungal, bacterial,

and microbial infections, as well as insect infestations.

The recommended dosage is 2.5 ml of each product (**LDC, SUPER 10, and CARE**) per liter of water. For a 16-liter sprayer, it is recommended to mix 40 ml of each product. For curative treatment, the dosage is increased to 5 ml of each product per liter of water, and 80 ml of each product for a 16-liter sprayer.

FERTILIZER / PLANT PROTECTION

To guarantee not only rapid growth but also optimal health and safety for your plants, this combination is designed to meet the diverse needs of farmers seeking

to maximize their yields. It is ideal for treating large areas, as it can cover between **1 and 3 hectares**, depending on the crops you wish to grow and maintain.

Whether you are growing cereals, vegetables, or fruit, this product offers a suitable formula that ensures vigorous development and protection against pests and diseases, allowing your plants to thrive in optimal conditions.

USE

The recommended dosage is **2.5 ml** of **LDC, SUPER 10, and CARE**, and **5 ml** of **SUPER GRO** per liter of water.

For a 16-liter sprayer, mix 40 ml of LDC, CARE, and SUPER 10 with 80 ml of SUPER GRO.

For curative treatment, use 5 ml of each product per liter of water and 80 ml per product for a 16 liter atomizer.

Please note that it is crucial to spray quickly to avoid damaging the plants. For more information on the dosage to apply depending on the type of crop and the degree of disease in your plantation, please contact the following numbers:
+233 53 675 1228 / +226 79 06 98 44 / +225 07 05 96 27 08.
